Binghampton Christian Academy today announced its policy for providing meals to children served under the National School Lunch Program and School Breakfast Program.

For School Year 2026–2027, Binghampton Christian Academy will continue participation in the Community Eligibility Provision (CEP). No further action is required of families.

CEP allows eligible schools to provide **breakfast and lunch at no charge to all enrolled students** without requiring families to complete a meal application or pay a fee.

CEP helps ensure that students have access to nutritious meals during the school day. Binghampton Christian Academy offers healthy meals each school day that meet United States Department of Agriculture (USDA) school meal requirements.

Parents and guardians are encouraged to have students participate in the school meal program.

“In the operation of child feeding programs, no child will be discriminated against because of race, color, national origin, sex, age, or disability.”
